“ Susan and I have been best friends since July of 2007. She cared for everyone she met and impacted so many people in her lifetime. I miss her tremendously. Love to all of the family.

“ I first met Sue when I was 8 years old. She treated me well, sometimes we had our differences like any other family. She always worked hard, at her jobs and at home. She always helped everyone, every time she was able to help. She always treated my family with respect and was always concerned for our well-being. In my opinion, she was an excellent wife to my dad and stepmom to me, and a great grandmother to my son. I only wish she had the chance to see my son grow and develop her own relationship with him, grandmother to grandson. My stepmom is gone, but she will be in the mind and hearts of my dad and my family. Thank you Sue, for everything you have done for my dad, for me, for Gabriel, and my entire family. You will be missed greatly.
