“ I met Angela at Craig working on the same unit. We were two peas in a pod and always either laughing, joking or just talking. She'd always share her food with me, heat it up and sit down at the desk with me. Her patients loved her because of her energy. We always kept in touch even after she left and the entire conversation we'd be laughing. She was so funny! Always brightened my day and made the 12 hours go by quickly. I am absolutely heart broken and shocked.

“ I met Angela the day after I arrived at Craig Hospital for inpatient rehab for a spinal cord injury that resulted from a car wreck. I knew the second she walked in my room with music playing on her phone that we were going to bond. And boy did we bond! She took such amazing care of me and got me through some horrible days. She had the most beautiful heart and I am going to miss her so much. Sending hugs and prayers to her family. Ill never forget her. ❤️
