“ *Being only a year apart, Tony and I shared a special relationship as cousins. Some of my favorite memories from childhood are hunting birds (with BB guns) in the cornfield, working for granddaddy in the gardens, playing softball in the Jenkins' yard, catfish fishing and cookouts, and him teaching me to play Can't You See and Stairway to Heaven on guitar. My heart goes out to Aunt Carole, Anna, and his kids.*

“ I'm very sorry to hear of Tony's passing. My condolences go out to all of his family. When we were seniors in high school Tony was already living the life of a grown man. Working everyday after school at the body shop and paying his own way. He drove a beautiful brown SS Chevelle he had bought and restored himself at the body shop. Tony and I sat next to one another in Mr Snyder's home room and first period. Back in those days all of us smoked cigarettes and the school even had a smoking area. One morning during first period. Tony reached into his shirt pocket pulled out his pack of Marlboros and fired one up. He immediately realized what he had done and stubbed it out inside his desk and waved frantically with his hand to disperse The cloud of smoke he blew out! Luckily mr. Snyder was writing a question down on the chalk board and never noticed a thing. Tony and I shared a good laugh about it for many years to come. The military kept me away for many years but whenever I was back visiting I always tried to stop by the body shop. I've considered Tony to be one of my oldest and dearest friends and I'm saddened to hear of his passing! He was way too young.
