“ *I guess our families have become so fractured nowadays, and I do not FaceBook. So after hearing this late, I wanted Buddy, Robert, and my two favorite girl cousins, Virginia and Barbara to know I was saddened, but boy, do I remember all the good times we had on the farm and at Grandma and Grandpa's house and we were always looking for that "bunch from Montgomery" to show up. Now Benny is home with Uncle Herbert, my Mother, and all the other saints. Like the good book says, This too shall pass and it will only be an eye blink, and we will be with them too. God bless us all.*

I don't really know who this is, or who wrote this comment. But I very much appreciate you sharing these memories with us. Today started off as just another normal day then I started thinking about family and friends and all that are gone or we don't associate with no more. So I decided to start scanning through the internet to look at my Dad's obituary and this is the first time I actually seen that someone wrote on it. I just wanted to say that I very much appreciate you expressing your words and feelings and knowing that you had a good time or fun time at least some time with my father growing up
