“ I was saddened to learn of Chuck’s passing today. Prayers have been lifted for Chuck and family.

Chuck and I went to high school together and were great friends. Chuck, myself and a few other buddies had a lot of great times in and out of school. We both enjoyed sports, hunting, fishing, hauling hay for the local farmers during the summers, helping work their cows and pretty much anything involving the outdoors. I would like to have a nickel for every bale of hay Chuck and I threw back in those days. Hard work but fun.

I remember one year Chuck and his dad took me to the Coosa County Management Area during deer season. I will share this was my first and ONLY visit to a public hunting area. All I can say is I was glad to get out of there alive! LOL

Chuck’s mom and dad were the best, as they put up with a lot of shenanigans from our little group of guys. Chuck’s parent’s house was often the jumping off place for our away from school activities, especially when they involved Mortar Creek. We love to inner tube down that creek, often times all the way to the Alabama river.

Sadly, our lives went different directions after high school as I went off to college, and Chuck to work. We only saw each other occasionally after high school. I can truly say that Chuck’s friendship made a difference in my life, and I have nothing but happy memories of our time together.

I will miss my friend.
Gods speed Chuck. Until we meet again.

My name is James, Chuck was the first to hire me as an apprentice plumber in the 90s when I moved back from South Florida, I really would like to say thanks and I remember working with Josh in the summer.
