“ Claude,

You were a spiritual inspiration and a dear friend to me. I cherish all the adventures and joyful moments we had. Of all the people at the Unitarian church I felt most relaxed with you right away. We laughed a lot.

You were 80ish when we went swimming out to snorkel a reef. I took you and a group of young, lovely Quebeccans sailing and once we went hard aground and got stuck at Peanut Island for 6 hours with the boat leaning on one side.

You were full of interesting life stories, about building a sailboat, cruising and making music. You taught me to play basic tunes on the piano and you were one of the great piano attractions when we had parties at my place.

I was sad that you left for GA and it was painful to witness your decline.

I should have kept calling you, but your hearing problem made it unproductive.

You are a chapter in my life, and I will always love you.

So many things you said stayed with me forever:

"FOLLOW YOUR SPIRIT WITHOUT HESITATION AND THE UNIVERSE WILL RE-ARRANGE ITSELF TO REFLECT YOUR VISION!" Claude Morency
