“ *Mrs. Fann was a Jewel, she will be greatly missed. She love us and treated us like family. She always tell you that she love you and she mean it, it was not just lip service. She love Zuriel and Kevin very much.*

“ Testimonial to my Grandma Daisy Fann ☐💜

*Our parents give us life, but our grandparents give us a sense of who we are and where we came from.*

*These past 2 weeks, as we've all said our "Goodbyes" to Grandma Daisy, it hit me like a ton of bricks how incredibly lucky and truly Blessed I have been to have my lovely Grandma with me for 53 years.*

*Not only with me, but my Husband (Mike), my children (Dajuan, Demitre, and Ashley) and my Grandchildren (Aiden, Melody and Avi). She was such an integral, close part of all of our lives.*

*It is rare for a grandparent-grandchild relationship to be so essential and so long-lasting, but then again, Grandma Daisy was that exceptional kind of person every single day of her life.*

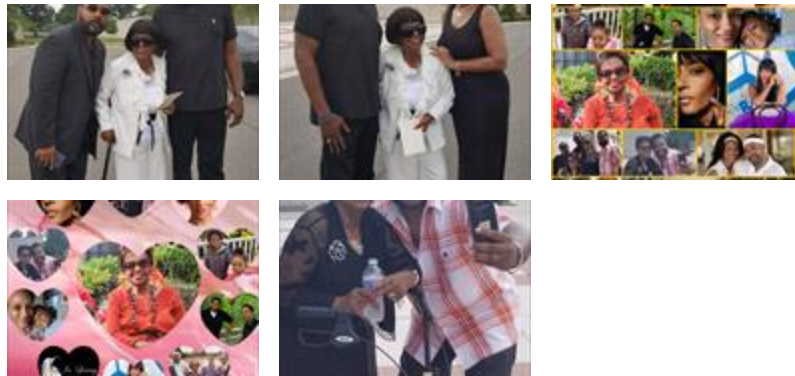

*We talked for HOURS every single day and if she couldn't get ahold of me, she was going down the list until she found me. Just like I'd call my Aunt Diane if she didn't answer. We'd talk about everything, especially about "THAT fake ex-president" as she called him, we watched TV shows, the weather, our knees, just everything. We'd even get on Bible Study calls on Wednesday nights. I am going to miss those calls incredibly, I already do. But the memories will always remain forever embedded in my heart and mind.*

*She was such a Rockstar, a confidant, a leader, and a pillar (even at 5'4") in all the people's lives she touched and places she visited. She cared beyond caring and shared beyond sharing. She'd tell you the truth, even if she knew it would hurt, but she'd follow it with a smile and hug. She loved her community, it's leaders and the city of Montgomery, AL. We talked about so much going on there that at times, I felt like I lived there.*

*What is life without family to support you, to love you*

*unconditionally, to be at your side through good and through bad? And she all of that and more for me and my Family. Surprise packages when we'd arrive home with food, blankets, and even heating pads. We'd look at the package on the step and say, "Grandma!"*

*"Grandma Daisy, you have ALWAYS been an influential and important part of my life. Until this last week, I hadn't realized how truly exceptional that is. You are so much a part of who I am, that even though I knew you would one day leave us, I can't quite believe you are gone. It just doesn't feel real nor right. You impacted my life in so many ways. You shaped who I am and always left me feeling beautiful and loved. You shaped who my children are, giving them your unconditional love and guidance when needed. You influenced all of us so greatly. I will always love you and save a special corner of my heart to keep you with me. Rest in Power and Peace." Lovingly Forever, Your "Shug", Granddaughter Michon and Family 💜🙏*

“ *Mrs. Daisy Fann was small in stature, but a giant when dealing with the events of the community. She had the most giving heart of anyone I have ever known. She loved her grand children with all of her heart. She will be missed by those of us that loved her dearly. She is gone, but will never be forgotten.*
