PS

“ I'm so sorry for your loss. Scott was an awesome guy and a wonderful supervisor. I met him back in the late summer of 2005 before I was hired at the Gin Shop. I remember that he was wearing a John Deere hat and matching collared plaid shirt. (Scott must always coordinate his hats with his shirts.) He hired me on as a cleaner in Dept 43 and I started on Feb 13, 2006 at a bad time due to the power box shorted out between welding and fabrication dept. I remember walking up to him, Dan Lenninger and Steve Barnett when he told me that the power left to take a vacation away from the cold. We all laughed. When I needed anything at my table he made sure that I got it or when he needed parts cleaned for a gin or machine that needed to be out ASAP on the next truck. I made sure that it was done. He was a wonderful guy, a terrific friend, a great father and one of the best supervisors that anybody could ask for. I missed him when the plant closed and I will surely miss him now.

Here's to Scott. The Best Supervisor that anybody could ask for and as always Roll Tide Roll brother!!!!

*Sincerely with Great Love
Preston Wesley Shearon III*
