“ Diane and I became friends when we both lived in Florida. Even though we both moved to other states we never lost touch. If we were experimenting on a new craft, or spending the day thrifting or just meeting for lunch we always found a way to laugh together (and sometimes at each other) Her children and grandchildren were her greatest source of pride and love. Her pure heart and love for life inspires me. She is and will always be one of my dearest friends. My memories of her will make me smile even though she is gone. Her family remains in my prayers.

“ *Such a sweet lady. Always ready to help with our sewing and gardening questions and a great "crafter" in the Friends and Newcomers Club's Chat & Craft group. We will miss her calmness, like while trying to teach us old ladies how to use the glue gun.*
