“ I met Don and his family in 1990 when our boys are playing baseball there at Chisholm... even though Don was 6 years younger than me he actually taught me a couple things about the game of baseball and we always had fun competition... his teams were always so well prepared and he was very hard to beat and I know those boys respected him and the entire league liked and respected him and he is the kind of coach that you really wanted your son to play for because you knew that he would have a positive impact on them in the future... Don was always more than fair with me and even though I haven't seen him in years until I moved here the first thing he told Ms Susan was that's a good man right there... Don you are going to be missed but you save me a spot brother and when it's my time to cross over Jordan we going to reminisce and holler roll tide roll

“ I remember playing football and baseball with Don . He was good at all the sports. He and I would play pitch and catch and he had a great curve ball that I would nearly always miss! I'm still shocked to hear of his passing. He was and always will be one of my best buddies. Love you and see you in Heaven buddy

“ *Rest in Peace my friend. I remember Don from my Boys Club days in West End. He was younger than me, but I remember the athlete he developed into over the years. He always had a great disposition and positive attitude on life in general. May the family be comforted in this time of sorrow. I live in Foley now and I am sorry I won't be able to attend.*

“ *Linda,
Words cannot express my sorrow.
It was a shock to me when Paulette called me on Thursday with this horrible news. I was not aware of his heart problems.
I just know that he was loved by many. Hope that the grandkids are doing OK.
A big hug from your old neighbor,
Jerry Allen*
