“ Mom and I were in the car after the funeral walking down memory lane and she (Oma) said "I wish someone would have told about Horace loud animal screech he would do... Scared us all like crazy... She then went on to tell about Peggy being so scared she went to our room (Calvin/Oma) and jumped in our bed... Well, you had to be in the mountains looking at the sunset to know what happened next... needless to say 40 years later it still makes me laugh!
