“ *I have so many fond memories of Howard. The first time I waterskied was behind his boat and first catfish I ever caught. But I think my favorite memory was when I was a kid of about 13 he and my dad would say their going cooking the smaller kids didn't get it but I knew it meant they were going honky tonkin. He was a good man a good father and a good friend. And the world was a better place with him in it. RIP*
