“ *I have know James almost all my life , we started first grade together at Holtville Elementary school and he would aggravate the day lights out of me, always pulling my hair he was something else. our family's became friends when we were young, his daddy worked with my daddy and my mama and his mother Loree got to be really good friends and even worked in a sewing factory together. Little did I know back then that he would become my step brother one day. I love this family so much, they are like my own family have always been there and been so good to all of the Boshell family. James grew up to be a kind loving and wonderful man that his mama was very proud of. I know he is in heaven with her and his daddy and my daddy right now celebrating.*
