“ I met Mrs. Ray three years ago when I moved to her into her neighborhood! She was walking out to the mailbox and we introduced ourselves to one another and had become good friends thereafter! I will always remember the homemade bread she would give to me, the thoughtful texts we exchanged to check on one another, and the hot meals on those cold nights when I worked late as a nurse. I glanced you Christmas Eve , but do to I was home sick with the flu, I thought it would be best to talk to you at a later time. I'm so angry at myself for not calling or texting when you were on my mind! I will miss you dearly, your neighbor and friend Chaz!

It's ok...she wouldn't have been able to respond. Things got bad quickly. Thank you for being a good neighbor to my momma.

“ I met Jan when she was my father's caregiver. My daughter called her Jam. I know she loved her fur babies and everyone around her.
