“ *I'm very saddened to hear about Phil's passing. I worked with him in the military at 25th APs. He was always kind and taught me a lot about the job when I first got there. Although he wasn't my supervisor, I considered him a mentor. I remember that he loved photography and he was really good at. May the family find comfort in the Lord.* ”

“ *He was one of my closest cousin friends. We spent some fun times together when we were growing up. I loved him and was glad that we had a chance to visit with him two times within the last year. May God bless all the family abundantly during this time of sorry and continue in the days and years ahead.* ”
