“ *Bubba You took apart of me with you when you left us. I'm just lost knowing that you won't be there when I need to talk to you. Although we weren't meant to be forever, you will always be forever in my heart. We have been through alot together. Our minds were alot alike, we also clashed like oil and water, but I think that's why we were so close. I love you in many ways. Fly high my friend. Save a place for me. Until we meet again...Kirk out.*
