“ Marilyn it broke my heart when I read that you had left us. But I know that you are in a much better place where there is no pain just a beautiful place called Heaven.  
You taught me so much about the job we did and loved, I will never forget you. You may now go 10-42 for the remainder God Bless and Love you.

“ Many a memory was made with my dear friend Marilyn, many years ago while we worked at MFD. In recent year when we reconnected, we laughed many time over as we relived the memories made at work, or on trips she and I made on off time. The day I found my Daddy had died, I knew what I had to do, it was my friend Marilyn on the other end of 911 line. When she knew I was alone, behind the scenes she took care of me, while keeping me on the line, she tracked my husband down, and send district chief there to be with me until he could get there. in recent yrs we jaw jacked each other on fb & by phone discussed pacemaker and transmits. She will be missed by many May each of you be comforted knowing she is resting pain free in The Lord's arms. With a loving heart prayers are being lifted.
