“ *I was shocked and saddened to learn of Deon's passing. Deon was one of the best friends I've ever had. I have known Deon for many years, before he suffered a major stroke. Later after he reached the point were he could slowly walk and drive he, again begin to visit me often when I received items for him. His inability to talk with me didn't dampen our friendship; on the contrary I felt we became closer. And I learned to read his facial expressions and eyes. I always pleaurably carried his items to his truck for him so he could walk more securely. Occasionally I would receive an email form him thanking me for helping and being so nice (this would make my day!).*

I miss my friend Deon now and will always remember him and cherish our friendship. My prayer is that Deon's family will be given God's understanding and peace during this sad time in their lives.
