“ I remember going “junking “ with Phyllis and Wynona and Phyllis always headed for the shoes . One day when we were “shopping “, Phyllis found me a pair of red cowgirl boots and instead that I try them on(me being from Texas) I put one boot on with ease but taking it off showed some difficulty! So Phyllis came to my rescue, straddled my leg and proceeded to pull the boot off. The three of us had a big laugh about it once the boot was back in the shelf!! Precious memories that will play over in my head forever. I love you sista!!

“ Please accept my condolences for the loss of dear Phyllis. I pray that you may find comfort in God's loving words at Isaiah 41:10 where he promises to be with you, help you and hold on to you and know that he has your hand to guide you through this difficult time.

“ Aunt Phee, you were one of a kind. I can remember you always willing and wanting to play with children and so full of life. I may not have a lot of pictures of us together, but I do have my memories of you visiting us, at the lake house, at the daycare, the pamper chef parties. Man we always had a great time. I love you and will miss you dearly.
