“ First, I would like to say how thankful I am, because, I know that Tesa received Jesus Christ as her Lord and Savior years ago. So, though I will miss her for the rest of my life here on Earth, I know that we will be together again one day. I believe that Tesa was greeted in Heaven by her cat Otis, who she loved so much!

Tesa and I met when we were around 3 years old. We grew up together—she was like a sister to me. She was a very good friend. We used to go swimming, but, I didn't know how to swim yet. She would literally let me hang onto her back while she "swam us" around the pool! We rode bikes, roller skated, played school, and played Barbies and board games on rainy days. She also went to the beach with me all through summer. She made adolescence less painful. She was fun and had a great sense of humor! She was also fiercely brave, as she rode some of the rides at the amusement park that I wouldn't dare! She could sing good also. One of my favorite things about her was her love of her pets (especially cats), which I share. Everybody liked Tesa. She was so cool. I felt cool when I was around her. She was the one who coined some of the popular 80's slang expressions. She seemed to be first in the fashion trends of the time. She was helpful to me a few years ago when I had a problem with a matter of faith. I am so grateful that our paths crossed so many years ago; and, also that we walked down "memory lane" together through the years.

I love you and miss you, Tesa. We will reunite again one day...
