“ I first met Steve as a middle school friend of his kids when they moved to our town, and I have so many years of delightful interactions with him that roll through my mind today. Over the years, I grew to know him as a kind and caring influence in the life of our collective friend group. He was one of those people who was “joy on the journey.” The world was made better by the life of Steve McGehee, and I am honored to have met him on this side of heaven. To Pat, the guys, and the entire family, I send much love and many prayers.

“ As the father of my best friend, Steve was naturally a father figure to me. I learned a lot from Steve. Not by means of clever dad quotes or lectures, but by observing how he conducted himself and how he treated people. I gave him a few reasons (sorry about the 4-wheeler Steve) to lose it with me. Although I felt his disappointment on those occasions, he never did. Love you Steve and I'll miss you.

“ Just saw Steve a short while back. We had a great visit in a store. Knew him well when he and Pat lived next door at Lake Jordan. So sorry for the loss of this fine man and may God bless him and his family.

“ *Danny and I enjoyed having you and Steve our PCB neighbors. I can still see him walking the dogs. He was a wonderful neighbor. Hugs Pat.*
