“ *I work at the Hager St. Louis corporate office and when I first contacted Tammi about an order in shipping on the plant side, she had a positive attitude and told me if I ever needed help, she would be happy to do so. I am so sorry to hear of her loss. When I was in Montgomery, AL for work in February, I missed the opportunity to meet her face to face as I was there for a short visit in the plant. God be with you and help you remember all the wonderful times you had. Sharon Rainwater/Hager-St. Louis Office, Assistant Customer Service Manager.*

“ I remember the first day I met Tammie. It was at looneys skating rink in Montgomery Alabama. Oh my friends at the skating rink I don't out of town to a different skating rink. I was not able to go but I still wanted to go skating. Surprisingly the skating rink did not have that many people that night so I pretty much had the rule of the floor. Tammie was sitting on the side minding her own business. She decided she wanted to get on the floor and stepped out onto the floor to skate. Unfortunately I was approaching at the same time I managed to dodge her and I came back to make sure that she was OK and not too stressed out From the near collision. We started talking after that and before I knew it our relationship had begun. I never thought that I would outlive her... R.I.P.

“ I'm pretty much at a loss for words. Tammy and I worked closely together. We shared our experiences with cancer, as both of us were treated at the same cancer center in Newnan, GA. It broke my heart to hear of her passing. God bless her and her family.
