“ Todd and I were in competing bands in high school, and I was always jealous of how he could pull off the rock star look so effortlessly. We reconnected on Facebook a few years ago and had some nice chats. He will be missed.

“ I hadn't heard of or seen Todd for years and then one day, I had received a friend request for Todd radio. It totally reminded me of him. We were not super close friends in school but, we were friends. I knew he loved music and so do I. I thought it was great how he brought so many people together with this group, and the times so many of us communicated about the music we all loved. My heart goes out to all of you and you will all be in my prayers. RIP 🙌❤️🙏
