“ *Many sweet memories from long ago. We were really blessed to have such a large family to grow up with. I hope Jackie's grandchildren and great grandchildren will have much fun in sharing memories of their Papaw. I send love and air hugs to all the family, just know that my thoughts and prayers are with you. I know the pain of letting go of a spouse, but also have the assurance that they are whole and without that physical body pain. Prayers for all as you face the days ahead. “ *Love and miss you. Your family has my prayers. We grew up together living that country life, riding horses, eating your Momma's cooking. You were like my brother and I will forever miss you.*
