“ I met Wilson in 1994 when I flew to Oklahoma to help my "sister"/cousin settle in her new home and to help with her wedding. I was honored to be her witness. He became my "brother". I had just lost my only son in May of that year. He gave me such meaningful counsel and shared his faith in Christ with me. I felt so much peace. I cannot explain the sense of spirituality that covered me while I was there. I will miss him so much. He truly loved my sister and more importantly, he honored her. I know he is in heaven with many loved ones. My deepest and sincerest condolences to his family.

Wilson Spottedbird was a proud man. He was very proud of his originality, he was proud of his wife Judy, he was proud of their five children. He was proud of his grandson, he was proud of his love for his God, he was proud of God love for him. Wilson was a brother to me. He married my sister making him my brother. Judy and I aren't blood sister, but she had no siblings and I along with our other cousin Nona had no sister. We grew up very close together so we became the three sisters at heart. I loved Wilson as my brother, he was so good to my sister. He treated her and showed her what a good marriage was all about. He was the love of her life. A wonderful husband and a great father to their five children. A wonderful grandpa to his grandson Sage. He was one of the finest men I ever knew. He was a true Christian and loved his Lord. He was the first one I called when in need of prayers for myself or others that need prayer. He will be missed, but we know he will be waiting by those Golden Gates to welcome us in when our day comes. God Bless my sister and keep her safe till we are all united with him in Heaven. Rest In Peace my Brother I Love You and will miss you.

“ *Spottedbird will definitely always be remembered in my heart. I first met him as I was a 15 year old girl working at Bentley Farms in Thorsby, AL. I did the front end sales and Spottedbird was asked to paint the new sign for the farm house. While he would be painting he would stop for breakfast and lunch breaks and when he did him and I would sit under the farm shed and he would tell me all his wise stories of his heritage and stories of him, his wife and family... I got the pleasure of hearing him play and sing his beautiful songs of his beautiful heritage... I would bring him the gravy biscuit he loved so much in the mornings just to get him to tell me even more stories. This was 18 years ago and that goes to show you that when you listen to wise people's tales and they have a impact on you, that impact will last an entire lifetime. Those wise men will live on in hearts forever and ever. My condolences for the family ❤️*
